the chief sources of revenue during the year

(a) Octroi - The total realisation under this head amounted to Rs 8,06,006 during the year under report as against Rs 7,86,297 during the previous year

The increase is due to the rise in the value of certain dutiable articles on account of war

(b) Tolls - The collection of toll was carried out departmentally as in the previous year The income under this head during the year amounted to Rs 77,446/- (as against Rs 60,011/- during the previous year) including the compensation towards ~~the~~ loss of toll revenue paid by Government for the three half years ending with December 1945

The total expenditure in respect of the Octroi Section during the year under report was Rs 64,007 as against Rs 42,037 in the previous year The increase was mainly due to the arrear claims of refunds amounting to Rs 21,484/- ^{were} ~~was~~ paid ~~in~~ during the year as against Rs 3,358/- paid during the previous year

(c) Assessed Taxes

The following figures furnish the demand,

Collection and balance under assessed taxes
during the year under report as compared with those
of the previous year

		<u>1944-45</u> Rs	<u>1945-46</u> Rs
DEMAND	Arrears	4,35,721	3,63,411
	Current	5,84,315	5,88,595
	Total	10,20,036	9,52,006
COLLECTION	Arrears	2,43,829	1,55,223
	Current	4,12,796	3,68,931
	Total	6,56,625	5,24,154
BALANCE	Arrears	1,91,892	2,08,188
	Current	1,71,519	2,19,664
	Total	3,63,411	4,27,852

Out of the total demand of Rs 9,52,006, a sum of Rs 5,24,154 was collected, leaving a balance of Rs 4,27,852 at the end of the year. Out of this outstanding balance, a sum of Rs 45,592 represents the arrears due from Government departments towards taxes on buildings and towards the sanitary and lighting tax from the Railway Department as noted below

1	Taxes on Govt Buildings	Rs 34,546/-
2	Taxes on Railway Buildings	11,036/-
	Total	<u>45,582/-</u>

The concerned departments have been contesting to pay this arrears. The matter has been referred to Government and their orders are awaited.

The percentage of collection during the year under report was ⁵⁵~~57.1~~ as against ^{60.0}~~62.9~~ in the previous year. The percentage of collection during the past five years is noted below

1940-41	54 1
1941-42	54 4
1942-43	55 2
1943-44	56 1
1944-45	~~62.9~~ 60.0

The collection of taxes during the year cannot be said to be satisfactory. This is due to the fact that, for want of suitable candidates, the full complement of the collection staff was not available for work during the year. The candidates who were temporarily appointed in the existing vacancies left service frequently and those who worked for some time at least were not able to show good progress in the collection work being recruits. The Revenue Officer has been directed to put forth best efforts in this direction and show tangible progress during the current year.

The general revision of assessment on buildings and vacant sites was completed during the year resulting in an increase of Rs 4,22,600/- in the demand for the whole City. The revised rate of assessment will be given effect to from 1-7-1946.

(d) Water rate on Government buildings -

A sum of Rs 15,751/- due on this account for the year under report was recovered from the concerned departments, as against Rs 15,750 recovered during the previous year.

(e) Taxes on vehicles and animals - A sum of

Rs 31,536/- was paid by Government as compensation towards loss of revenue on Motor Vehicles for three half years ending with December 1945. A sum of Rs 9,370/- was collected towards taxes on vehicles and animals owned by the rate-payers for their own use as against Rs 6,828 collected during the previous year. The total amount realised under this head during the year was Rs 40,906/--.

During the year 1391 prosecutions involving 1486 persons were instituted under various sections of City Municipal Act as against 1610 involving 1649 persons in the previous year. Fines imposed this year was Rs 3,593-4-0 as against 3,559-0-0 last year. Intensive action was taken under Food Adulteration Act, 404 food samples were collected this year as against 167 in the previous year. 160 prosecutions were instituted this year as against 40 in the previous year.

(c) The scheme for the introduction of flushout latrines in private houses on a large scale wherever the underground drainage has been laid was continued and as a result 1277 improved type of closets came into existence during the year, making a total of about 10,950 flushouts upto date.

(d) The pipe line staff attended to the systematic cleaning of the underground drainage lines. The underground sewers are being laid in many parts of the City. The sewers frequently get choked up due to misuse by the public and also due to sand being washed down into the sewers through the gully traps. The sewers and manhole require constant attention and have to be frequently cleared of the silt. Additional establishment is required for the purpose.

2.2 Drain cleaning gang - Storm water drains run throughout the City. The drains are covered by slabs to a great extent. It is seen that very many drains are choked up and require to be de-silted. Six sweepers with five carts are sanctioned for removing the silt.

2.3 Rapid removal of night soil - The old method of hand removal of night soil still prevails in the City. A scheme for rapid removal of night soil was introduced on a small scale during the year 1940-41 and

continued during the year under report 950 tons of
compost were prepared and 669½ tons of compost were sold
to the public for Rs 1,004-4-0 of which a total of
Rs 656-4-0 was collected during the year

24 Hotels and Coffee Clubs etc - 734 applications were
received for the grant of licenses etc of which 717
licenses were granted and the rest were under correspondence
at the end of the year as detailed below

29 Maternity and Child Welfare Work

The usual activities of the Maternity and Child Welfare work continued to be maintained during the year. The three Lady Health Visitors carried out this work in their respective ranges under the supervision of the Health Officer. The Government in their order No L 153-3/M1 10-45-4 dated 9-7-1945 sanctioned an additional midwife, one ayah and a peon to each of the Maternity Home at a cost of Rs 1,764/- per annum. The additional staff has been entertained and shift work has been arranged. The work of the Lady Health Visitors consisted in paying domiciliary visits every day in their areas, to advise the expectant mothers. In the afternoons they conducted maternal and child welfare clinics. The lady health visitors supervised the work of the midwives and also assisted in the registration of births and deaths and furnished a list of unprotected children whenever noticed. During the year under report 572 clinics were held and 2858 ante-natal, 2168 post-natal cases, 2715 children and 349 women for other ailments were examined and advised suitably. ~~(up to end of November 1945)~~

Anti Malaria and Cluex Section The personnel of the unit remained the same as in the previous year, viz One asst Health Officer, Four Asst Sanitary Inspectors, eight Head Fieldmen and Forty-two fieldmen. The mosquito control operation was continued as in the previous year using a mixture of Diesel Oil and Soap solution, Malarial B as a larvicide. 7300 gallons of Diesel oil 1160 gallons of soap solution and 4826 gallons of Malarial B have been used during the year.

During the year under report 7478 wells and 1124 cisterns in the houses were examined and breeding was noticed in 24 wells and 23 cisterns which were restocked with larvicidal fish. As a routine 3726 wells and 252 cisterns were re-stocked with larvicidal fish.

During the year 2,989 culex and 83 anopheline mosquitoes were collected during weekly catches in all the 60 catching stations as against 3,491 culex and 330 anophelin collected during last year

In addition to the weekly oiling operation, the Malaria staff attended to the cleaning and cutting the margin of drains, clearing vegetation in the drains and tanks and filling up small pits to aid satisfactory oiling

✓ Malaria in Kempapur Agrahar - Malaria in Kempapur area is very much lower as compared to 1943 and 1944 Houses which had been vacated on account of malaria are being re-occupied now There are a few chronic malaria cases Quinine is being distributed A total quantity of 8681¹ grains of quinine has been distributed in the locality Most of the drains in Agrahar valley are dry Hosahally tank has been breached in the waste-weir at a cost of Rs 2,800/- as an antimalarial measure and the tank is dry The excavation of a central channel and lateral sub-soil drains costing about Rs 17,000/- is now under correspondence between the Municipality and the Trust Board Anti-Malaria Engineering works - An estimate costing about Rs 32,000/- is under consideration of the Trust Board to construct sub-soil jelly to drain all sewage below Sankey tank and to canalise the valley line down below Breaching of Siddapur (Arekempahally) tank Sarakki quarry pool, Yedur and Chikkere tanks are under correspondence

An underground sewer line was ^{laid} ~~put up~~ behind West End Hotel and the adjoining Bungalows A big cement sink measuring 15' x 8' x 6' which had been constructed for the collection of sewage from the hotel was got filled up with debris to prevent mosquito breeding

A big pit in the maidan opposite and to the right of

the Town Hall was got filled up with debris by the Municipal agency. The extensive pool of water to the north of Pension, line which was a veritable breeding place of mosquitoes was filled up.

Spleen survey - The annual spleen survey was conducted in July and August 1945. One Health Probationer had been drafted from the Bureau of Malariology for the survey. 25 schools in different parts of the City were visited. A total of 2871 children were examined. Excluding 14 imported cases, 62 children were found to have an enlarged spleen of various sizes giving a spleen rate of 2.16 as against 0.38 during last year. Four schools from the bordering areas were included for spleen survey this year where malaria was prevalent since the last two years and hence the rise in the spleen rate.

31 Milk Centres Two milk centres, one in Purniah Choultry, II Division and another in Belimutt road, III Division which were opened in June 1945 continued to work satisfactorily during the year. Only poor and deserving expectant mothers and children under 2 years of age are enlisted. 100 children and 4 expectant mothers were served with $\frac{1}{2}$ seer milk every day on an average in each of the two centres. A total quantity of 18,000 seers of milk have thus been distributed to deserving children during the period. The III milk centre in IV Division will be opened immediately a suitable place is secured.

Minutes of the proceedings of the meeting of the Bangalore City Municipal Council held on 23-6-1947 at 4 P M in the Council Hall of the City Municipal Offices, Bangalore, for the consideration of the Administration Report of the Bangalore City Municipality for the year 1945-46

At the outset, the President informed that the Administration Report was before them and that he would welcome any observations or suggestions and that the same would be noted for future guidance

Mr G Nanjappa observed that there was considerable delay in placing the report before them and requested that at least in future prompt action might be taken to prepare the same, and moved that with this observation the report might be adopted

Mr P Sivashankar seconded the above

Mr K M Naganna also observing the delay, said that the collection of Rs 16,800/- under Profession Tax as against a sum of Rs 24,702/- during the previous year, leaving a balance of Rs 56,980/- was most unsatisfactory, and suggested that strict instructions should be issued to exercise more supervision over this item of collection

He further observed that the collection under Assessed Taxes was also very poor and said that all possible measures might be taken to collect the arrears along with the current demand. He further said that the Government were also partly responsible for the fall in collection in as much as they were not co-operating with the Municipal Council which was particularly noticed when Mr R Chandoo Lal was appointed as Revenue Officer in spite of the strong protest by the Municipal Council. He also suggested that special mention might be made in the report bringing to the notice of Government the several reasons for the reduction of revenue this year and fixing the responsibility on the Government for the same.

Then he referred to Rent on buildings and lands and observed that the collections under this head was also very poor and was ~~not~~ satisfactory. He also observed the same remark for Market

arket and Slaughter House Gate fee collections

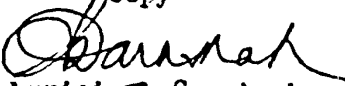

Mr G Janjappa then spoke and said that proper action should be taken to collect the lease amount of the timber yards

Then Mr Parasimha Sastry Devudu observed that if the high number of 4900 cases of adulteration was due to the trivial fines levied by the Magistrates, the Government be requested to direct the Magistrates to enforce more punishment on the offenders. He also observed that the Municipality should be in a position to furnish the statistics in respect of the Health Section of the Municipality

Mr P P Parayana Iyengar speaking next said that the report was something like stereotyped without any improvement. He said that the question of housing which was an acute problem had not been tackled by the Municipality at all and observed that even the sanctioned amounts were not actually spent on works. He requested that in the future reports at least there should be a clear mention of the amounts sanctioned for each work and the amount actually spent over the same. He further observed that the Radio sanctioned for 'Alleswaram' had not been installed and he wanted that at least reasons might be given in the report for the works not carried out. Lastly he observed that more attention should be given to the sanitation of the City which was going from bad to worse, more so in extensions.

With the above observations, the Report was unanimously approved and adopted.

Sd A J Khaleel,
Honorary President

1 *Municipal Boundaries Area and Population—*

The area of the City was 14.8 square miles as in the previous year. The population of the City was 247,902 as per census of 1941.

2 *Constitution of the Municipal Council—*

The strength of the Municipal Council remained the same as in the previous year viz thirty.

3 *Elections —*

The term of the offices of the Honorary President and Vice President expired on 31st December 1945. Mr M. A. Gopalaswamy Iyengar the Honorary President handed over charge of the Office of the President to the Deputy Commissioner Bangalore District on the afternoon of 31st December 1945. Elections to the office of the President and Vice President for the period from 1st January 1946 to 31st December 1946 were held on 20th December 1945. Messrs H. C. Suryanarayana Rao, P. Sivashankar and Mirza M. Azeezulla Beig sent up their nominations for the President's office. Just before the commencement of the poll for the election Mr M. Azeezulla Beig withdrew his candidature. In the election held Mr H. C. Suryanarayana Rao secured 14 votes as against 12 secured by Mr P. Sivashankar. The election of Mr H. C. Suryanarayana Rao as President was approved in G. O. No. L 6161 dated 4th January 1946 and Mr Suryanarayana Rao took charge of the office of the President on 5th January 1946. For the Office of the Vice President Messrs P. V. Ramachandra Gupta and A. K. Jayamuthuraju were the competing candidates. Mr P. V. Ramachandra Gupta secured 14 votes as against 12 secured by Mr A. K. Jayamuthuraju. The election of Mr P. V. Ramachandra Gupta as the Vice President was approved in G. O. No. L 6165 dated 4th January 1946 and Mr Ramachandra Gupta took charge of the office of the Vice President on 4th January 1946.

On 26th April 1946 Mr H. C. Suryanarayana Rao tendered resignation to the office of the President and Mr P. V. Ramachandra Gupta was removed from the Office of the Vice President at a Special Meeting of the Municipal Council held on 20th May 1946. The election for the office of the President was held on 20th May 1946 and Mr P. V. Sivashankar B.A. LL.B. was the only candidate contesting the election. As such he was declared duly elected as President. This was approved in G. O. No. Camp L 35 dated 6th June 1946 and Mr Sivashankar who took charge of the office of the President on 7th June 1946 continued as such throughout the year.

Election for the office of the Vice President was held on 27th June 1946 and Mr A. K. Jayamuthuraju the only candidate was duly elected. This was approved in G. O. No. L 692—MI 10 46 2 dated 13th July 1946. Mr A. K. Jayamuthuraju took charge of the office of the Vice President on 17th July 1946.

5 *Meetings and Attendance*—The number of Council Meetings held during the year was 50 of which 12 were ordinary 10 adjourned and 28 Special Meetings. Statement A shows the number of meetings held and the attendance of the members.

Working of the Committees—

The number of meetings held by each committee is as follows—

(a) Managing Committee	22
(b) City Improvement Committee	19
(c) Bye law Committee	
(d) Audit Committee	
(e) Langarkhana Committee	6
(f) Health Committee	5
(g) Reading Room Committee	4
(h) Market Committee	5

Statement B furnishes the particulars regarding the number of meetings held by the several Committees and the attendance of members during the year under report

6 *Demand Collection and Balance*—The total demand under all heads of revenue was Rs 24 22 926 including the arrears of Rs 5 32 950 outstanding at the beginning of the year. Out of this a sum of Rs 17 85 582 was collected leaving a balance of Rs 6 37 344 at the end of the year. The following particulars indicate the comparative details of income under the chief sources of revenue during the year

(a) *Octroi*—The total realisation under this head amounted to Rs 8 06 006 during the year under report as against Rs 7 86 297 during the previous year. The increase is due to the rise in the value of certain dutiable articles on account of war

(b) *Tolls*—The collection of toll was carried out departmentally as in the previous year. The income under this head during the year amounted to Rs 77 446 (as against Rs 60 011 during the previous year) including the compensation towards loss of toll revenue paid by Government for the three half years ending with December 1945

The total expenditure in respect of the Octroi Section during the year under report was Rs 64 007 as against Rs 42 037 in the previous year. The increase was mainly due to the arrear claims of refunds amounting to Rs 21 484 which were paid during the year as against Rs 3 358 paid during the previous year

Twenty four prosecutions were launched under the Mysore City Municipalities Act of 1933 and Octroi Bye laws during the year under report as against 10 in the previous year. Forty eight cases were compounded by the Municipal Commissioner and a total sum of Rs 3 330 was realised as penalty. A sum of Rs 209 was paid as rewards to the officials and others who detected the smuggling cases during the year. The total number of octroi licenses issued during the year was 1 460 of which 1 367 were retail licenses and 93 wholesale licenses as against 1 215 and 78 respectively during the previous year

(c) *Assessed Taxes*—The following figures furnish the Demand Collection and Balance under assessed taxes during the year under report as compared with those of the previous year

		1944 45	1945 46
		Rs	Rs
Demand	{ Arrears	4 35 721	3 63 411
	{ Current	5 84 315	5 88 595
	{ Total	10 20 036	9 52 006
Collection	{ Arrears	2 43 829	1 55 223
	{ Current	4 12 796	3 68 931
	{ Total	6 56 625	5 24 154
Balance	{ Arrears	1 91 892	2 08 188
	{ Current	1 71 519	2 19 664
	{ Total	3,63 411	4,27,852

Out of the total demand of Rs 9 52 006 a sum of Rs 5 24 154 was collected leaving a balance of Rs 4 27 852 at the end of the year. Out of this outstanding balance a sum of Rs 45 592 represents the arrears due from Government departments toward taxes on buildings and towards the sanitary and lighting tax from the Railway Department as noted below —

	Rs
1 Taxes on Government Buildings	34 546
2 Taxes on Railway Buildings	11 036
Total	45 582

The concerned departments have been contesting to pay these arrears. The matter has been referred to Government and their orders are awaited.

The percentage of collection during the year under report was 55.0 as against 60.0 in the previous year. The percentage of collection during the past five years is noted below—

Year	Rs
1940-41	54.1
1941-42	54.4
1942-43	55.2
1943-44	56.1
1944-45	60.0

The collection of taxes during the year is not satisfactory. This is due to the fact that for want of suitable candidates the full complement of the collection staff was not available for work during the year. The candidates who were temporarily appointed in the existing vacancies left service frequently and those who worked for some time at least were not able to show good progress in the collection work being recruits. The Revenue Officer has been directed to put forth best efforts in this direction and show tangible progress during the current year.

The general revision of assessment on buildings and vacant sites was completed during the year resulting in an increase of Rs 4 22 600 in the demand for the whole City. The revised rate of assessment will be given effect to from 1st July 1946.

(d) Water rate on Government Buildings —

A sum of Rs 15 751 due on this account for the year under report was recovered from the concerned departments against Rs 15 750 recovered during the previous year.

(e) Taxes on Vehicles and Animals — A sum of Rs 31 536 was paid by Government as compensation towards loss of revenue on Motor Vehicles for three half years ending with December 1945. A sum of Rs 9 370 was collected towards taxes on vehicles and animals owned by the rate payers for their own use as against Rs 6 828 collected during the previous year.

The total amount realised under this head during the year was Rs 40,906.

(f) *Profession Tax*—A sum of Rs 43 584 was outstanding at the beginning of the year under report. The demand of the year was Rs 30 197 making a total demand of Rs 73 781. Out of this a sum of Rs 16 800 was collected as against a sum of Rs 24 702 in the previous year leaving a balance of Rs 56 980.

7 *Miscellaneous Taxes*—

These consist of the realisations under the Special Acts revenue from Markets and Slaughter house and the realisations from the sale of sites and from rents on Municipal lands and buildings and on the tenements in Sri rampuram Labour Colony and other miscellaneous items of revenue which include the revenue from sewage farm sale of manure pasture lands cart and cycle stand notice and warrant fees Swimming Pool Collection Hawkers License fees etc.

I *Realisations under Special Acts*—

(a) *Pounds*—A sum of Rs 3 199 was realised under this head as against Rs 1 798 in the previous year.

(b) *Public Conveyance*—A sum of Rs 58 284 was realised under this head as against Rs 55 968 in the previous year.

The number of prosecutions instituted under Public Conveyance Act during the year was 170 as against 520 in the previous year.

The number of Public Conveyance licenses issued during the year under report was 4 304 as against 4 063 in the previous year.

	1944-45	1945-46
1 Victoria	3	2
2 Double Bullock Carts	968	993
3 Single Bullock Carts	514	539
4 Jutkas including Governess carts and Shapasands	862	929
5 Hand Carts	267	289

II *Revenue derived from Municipal Property apart from Taxation*—

(a) *Sale of Sites including Margin Lands*—The demand under sale of sites for the year of report including arrears of previous year was Rs 1 29 674 as against Rs 65 906 in the previous year. Out of this a sum of Rs 1 26 087 was collected during the year leaving a balance of Rs 3 588 at the end of the year. Major portion of this amount is in deposit which is to be adjusted.

(b) *Rent on Buildings and Lands*—The demand under this head was Rs 48 932 including arrears. Out of this demand a sum of Rs 19 161 was collected leaving a balance of Rs 29 771 as against Rs 19 410 in the previous year.

(c) *Poor House in Basavangudi*—There were no arrears to be recovered in Basavangudi during the year under report.

(d) *Rents on Sree Rampur Labour Colony*—There are 250 houses in the Colony. A sum of Rs 13 532 was outstanding at the beginning of the year and the demand for the year was Rs 6 170 thus making a total demand of Rs 19 702. Out of this a sum of Rs 6 318 was collected leaving a balance of Rs 13 384. The balance outstanding includes a sum of Rs 9 621 which is irrecoverable and the question of its being written off the accounts has been approved by the Council.

III *Market and Slaughter House*—

(a) *Central Vegetable Market*—The collection of gate fees in the Central Vegetable Market was done departmentally as in the previous year. The amount of gate fee and temporary ground rents collected during the year under report was Rs 43 209 as against Rs 36 374. The total demand of shop rents and lighting charges inclusive of arrears for the year was Rs 95 974 as against Rs 93 304 during the previous year. Out of this a sum of Rs 87 575 was collected as against Rs 88 303 in the previous year leaving a balance of Rs 8 698 as against Rs 11 916 in the previous year.

(b) The collection of Slaughter House Gate fee was leased out for Rs 17 301 as against Rs 17 000 in the previous year. The demand under other markets including Mutton Market for the year under report was Rs 18 052 including arrears of previous year as against Rs 15 211 in the previous year. Out of this a sum of Rs 5 151 was collected during the year as against Rs 6 382 during the previous year leaving a balance of Rs 12 901.

IV *Other Miscellaneous Items*—

The total demand under this head including the arrears of previous years was Rs 62 596 out of which a sum of Rs 18 947 was collected leaving a balance of Rs 43 649 at the end of the year.

V *Education Cess*—

The demand under this head including arrears was Rs 55 997 out of which a sum of Rs 28 864 was collected leaving a balance of Rs 27 133 at the end of the year.

8 *Incidence of Taxation*

The incidence taxation per head of population was Rs 5 15 8 during the year under report.

9 *Street Lighting Charges*—A sum of Rs 73 038 was paid during the year towards lighting charges. The following figures furnish the details of street lighting charges paid and the lighting tax collected during the past five years.

	<i>Amount spent on street lighting</i>	<i>Amount of lighting tax collected</i>

ENGINEERING SECTION

10 Administration —

Mr R Madhavan B E continued to be in charge of the Department throughout the year under report assisted by the Surveyor and Overseer Mr C R Vasudevan and Mr A H Krishna Rao respectively. The post of the Licensing Officer was vacant throughout the year and the work was managed with the existing staff. The proposal of the Municipal Council to raise the status of the Municipal Engineer to that of an Executive Engineer and to appoint two Assistant Engineers to assist the Executive Engineer was sanctioned in Government Order No L 7717 20—Ml 10 45 153 dated 30th January 1946. Accordingly Mr K Padmanabhan B E and Mr Narayana Rao were appointed as Assistant Engineers and they reported themselves to duty on the forenoon of 1st March 1946 and 27th February 1946 respectively.

11 Public Works —

The total grant for the year was Rs 21 04 484 as against Rs 5 92 856 in the previous year inclusive of the establishment charges. The total expenditure incurred during the year was Rs 4 40 493. The entire allotment could not be utilised as tenderers did not come forward for any works owing to fluctuations of the market and the difficulty of securing labour and materials required for construction of buildings. Even the Divisional Contractors could not execute works promptly and they also made repeated representations for payment of enhanced rates. This led to protracted correspondence and delay in the execution of works.

Original Works —

(a) *Roads Original* — The total expenditure under this head was Rs 17 141. Some of the important works executed during the year are noted below —

- 1 Providing kerbing in East Road VI Division

- (i) On intimation of the existence of Typhoid fever, case reports were prepared with details of water supply, milk supply and sources of possible infection.
- (ii) Samples of water from the infected premises were sent for bacteriological examination and the results indicated no typhoid group or organisms.
- (iii) Cut fruits and unwholesome articles of food and vegetables etc. exposed for sale were destroyed and parties warned not to expose cut fruits without glass cases.

The Sanitary Police and Sanitary Staff took vigorous action to prevent cut fruits being exposed for sale.

The Mobile Police who were disbanded from 1st February 1945 were again entertained from 7th April 1946. Three Daffedars and six Constables were entertained and they prosecuted 221 persons under various sections of the Municipal Regulation for committing nuisance, obstructing traffic, encroaching roads etc. Seventy-five cases ended in conviction realising Rs. 67 in the way of fines and the remaining 146 cases were pending in the Court at the end of the year.

- (iv) Other food samples such as milk etc being suspected were examined and necessary action taken
- (v) The public urinals and latrines and drains were cleaned and washed with disinfectant solution daily
- (vi) Three hundred and seventy persons were protected with anti typhoid inoculation in the infected localities. Several other measures were also taken in addition

1 The attention of the Proprietors of Hotels Coffee Clubs Bakeries Sweetmeat shops and Ice and Areated Water Factorie was specially drawn to some of the conditions laid down in Hotel Bye laws and improvements wherever necessary were strictly got effected. Medical examination of food handlers in Hotels etc was strictly enforced

2 Strict licensing of Hotels etc was carried on specially in regard to cleanliness sterilisation discontinuation of well water for all purposes connected with the business protection of articles of food from flies and dust use of genuine articles in all preparations and constant supervision over them. Fines imposed this year were Rs 3 593 4 0 as against Rs 3 590 0 0 last year. Intensive action was taken under Food Adulteration Act 404 food samples were collected this year as against 167 in the year previous year. One hundred and sixty prosecutions were instituted this year as against 40 in the previous year.

(c) The scheme for the introduction of flushout latrines in private houses on a large scale wherever the underground drainage has been laid was continued and as a result 1 777 improved type of closets came into existence during the year making a total of about 10 950 flushouts up to date.

(d) The pipe line staff attended to the systematic cleanings of the underground drainage lines. The underground sewers are being laid in many parts of the City. The sewers frequently get choked up due to misuse by the public and also due to sand being washed down into the sewers through the gully traps. The sewers and manhole require constant attention and have to be frequently cleared of the sand. Additional establishment is required for the purposes.

22 *Drain Clearing Gang* — Storm water drains run through the City. The drains are covered by slabs to a great extent. It is seen that very many drains are choked up and require to be de silted. Six sweepers with five carts are sanctioned for removing the silt.

23 *Rapid removal of night soil* — The old method of hand removal of night soil still prevails in the City. A scheme for rapid removal of night soil was introduced on a small scale during the year 1940 41 and continued during the year under report. Nine hundred and fifty tons of compost were prepared and 669½ tons of compost were sold to the public for Rs 1 004 4 0 of which a total of Rs 655 4 0 was collected during the year.

28 *Anti Rabic Measure* —The number of dogs destroyed during the year was 3 099 as against 2 910 in the previous year

Dog license fee was collected by the Revenue Authorities. There is a dog pound attached to the Disinfection Stores with a dozen compartments for impounding dogs. Dogs caught were impounded for three days during which time if the owner produced the license they were released and the rest were destroyed. While in pound they were fed at the cost of the Municipality the expenditure amounting to Rs 51 5 0 as against Rs 60 8 6 in the previous year. A large number of dogs were supplied to the Serum Institute for experimental purposes.

29 *Maternity and Child Welfare Work* —

The usual activities of the Maternity and Child Welfare work continued to be maintained during the year. The three Lady Health Visitors carried out this work in their respective ranges under the supervision of the Health Officer. The Government in their Order No L 153 3—MI 10 45 4 dated 9th July 1945 sanctioned an additional midwife, one ayah and a peon to each of the Maternity Homes at a cost of Rs 1 764 per annum. The additional staff has been entertained and shift work has been arranged. The work of the Lady Health Visitors consisted in paying domiciliary visits every day in their areas to advise the expectant mothers. In the afternoons they conducted maternal and child welfare clinics. The lady health visitors supervised the work of the midwives and also assisted in the registration of births and deaths and furnished a list of unprotected children whenever noticed. During the year under report 572 clinics were held and 2 858 ante natal, 2 169 post natal cases, 2 715 children and 349 women for other ailments were examined and advised suitably.

30 *Anti Malaria and Culex Section*—The personnel of the unit remained the same as in the previous year viz one Assistant Health Officer four Assistant Sanitary Inspectors eight Head Fieldmen and forty two Fieldmen. The mosquito control operation was continued as in the previous year using a mixture of Diesel Oil and Soap solution as a larvicide. Seven thousand and three hundred gallons of Diesel oil 1 160 gallons of soap solution and 4 826 gallons of Malariol B have been used during the year.

During the year under report 7 478 wells and 1 124 cisterns in the houses were examined and breeding was noticed in 24 wells and 23 cisterns which were restocked with larvicidal fish. As a routine 3 726 wells and 252 cisterns were restocked with larvicidal fish.

During the year 2 989 culex and 83 anopheline mosquitoes were collected during weekly catches in all the 60 catching stations as against 3 491 culex and 330 anopheline collected during last year.

In addition to the weekly oiling operation the Malaria staff attended to the cleaning and cutting the margin drains clearing vegetation in the drains and tanks and filling up small pits to aid satisfactory oiling.

Malaria in Kempapur Agrahara—Malaria in Kempapur area is very much lower as compared to 1943 and 1944. Houses which had been vacated on

account of malaria are being re-occupied now. There are a few chronic malaria cases. Quinine is being distributed. A total quantity of 8 681 grains of quinine has been distributed in the locality. Most of the drains in Ararahar valley are dry. Hosahally tank has been breached in the wastewear at a cost of Rs. 2 800 as an anti-malarial measure and the tank is dry. The excavation of a central channel and lateral sub-soil drains costing about Rs. 17 000 is now under correspondence between the Municipality and the Trust Board.

Anti Malaria Engineering Works—An estimate costing about Rs. 32 000 is under consideration of the Trust Board to construct sub-soil drains to drain all sewage below Sankey tank and to canalise the valley line down below Breachir of Siddapur (Arekempahally) tank. Sarakki quarry pond, Yedur and Chikkere tanks are under correspondence.

An underground sewage line was laid behind West End Hotel and the adjoining Bungalows. A big cement sink measuring 15 x 8 x 6' which had been constructed for the collection of sewage from the hotel was got filled up with debris to prevent mosquito breeding.

A big pit in the maidan opposite and to the right of the Town Hall was got filled up with debris by Municipal agency. The extensive pond of water to the north of Pension Line which was a veritable breeding place of mosquitoes was filled up.

Spleen Survey—The annual spleen survey was conducted in July and August 1945. One Health Probationer had been drafted from the Bureau of Malariology for the survey. Twenty-five schools in different parts of the City were visited. A total of 2 871 children were examined. Excluding 14 imported cases, 62 children were found to have an enlarged spleen of various sizes giving a spleen rate of 2.16 as against 0.38 during last year. Four schools from the bordering areas were included for spleen survey this year where malaria was prevalent since the last two years and hence the rise in the spleen rate.

31 *Milk Centres*—Two milk centres, one in Purniah Choultry, II Division and another in Belimutt Road, III Division, which were opened in June 1945, continued to work satisfactorily during the year. Only poor and deserving expectant mothers and children under two years of age are enlisted. One hundred children and 4 expectant mothers were served with quarter seer milk every day on an average in each of the two centres. A total quantity of 18 000 seers of milk have thus been distributed to deserving children during the period. The third milk centre in IV Division will be opened immediately a suitable place is secured.

32 *Weekly Intensive Cleansing Campaign*—The scheme of weekly intensive cleansing was continued during the year and was undertaken 8 times in III, VII, VIII and IX Divisions, 5 times in I and VI Divisions, 4 times in II Division and 3 times in IV and V Divisions. The following were the items of work that were undertaken during each weekly campaign:

- 1 Intensive cleaning of the main roads, cross roads and conservancy roads.

- 2 Removing of silt from all the surface drains.

- 3 Scraping of grass by the side of the drains
- 4 Removal of old heaps of silt
- 5 Removal of silt from the box drains
- 6 Cleaning and disinfecting the public urinals and drains with phenyle
- 7 Removal of silt from manholes and pipe lines and cleaning up of underground sewers
- 8 Two phenyle carts were sent round to disinfect places which are usually resorted to by the public for committing nuisance
- 9 Oiling all stagnant pools of water and letting fish into well to control mosquito breeding
- 10 Removal of silt and rubbish from the area by a number of silt carts and a lorry drafted to the area

One hundred and seven cart loads of rubbish were removed from sweepings. A total length of 8 340 feet of box drains 757 manholes and a total of 14 540 yards length of pipe line was got cleaned and 308 cart loads of silt were removed. Stagnant waters were all oiled.

33 *Special Activities —*

Visitors —(i) In September 1945 a Health Exhibition had been arranged in Binnypet with sections on Malaria Nutrition Maternity and Child Welfare and General Health in connection with the Health Week and Baby Show arranged by the Binny Mill authorities.

Administration Report of the
BANGALORE CITY MUNICIPALITY
for the year 1945-46

Viswa and a Power Press B City—100—1 47

**ADMINISTRATION REPORT OF THE BANGALORE CITY
MUNICIPALITY FOR THE YEAR 1945-46**

1 *Municipal Boundaries Area and Population—*

The area of the City was 14.8 square miles as in the previous year. The population of the City was 247,902 as per census of 1941.

2 *Constitution of the Municipal Council—*

The strength of the Municipal Council remained the same as in the previous year viz thirty.

3 *Elections —*

The term of the offices of the Honorary President and Vice President expired on 31st December 1945. Mr M. A. Gopalaswamy Iyengar the Honorary President handed over charge of the Office of the President to the Deputy Commissioner Bangalore District on the afternoon of 31st December 1945. Elections to the office of the President and Vice President for the period from 1st January 1946 to 31st December 1946 were held on 20th December 1945. Messrs H. C. Suryanarayana Rao, P. Sivashankar and Mirza M. Azeezulla Beig sent up their nominations for the President's office. Just before the commencement of the poll for the election Mr M. Azeezulla Beig withdrew his candidature. In the election held Mr H. C. Suryanarayana Rao secured 14 votes as against 12 secured by Mr P. Sivashankar. The election of Mr H. C. Suryanarayana Rao as President was approved in G. O. No. L. 6161 dated 4th January 1946 and Mr Suryanarayana Rao took charge of the office of the President on 5th January 1946. For the Office of the Vice President Messrs P. V. Ramachandra Gupta and A. K. Jayamuthuraju were the competing candidates. Mr P. V. Ramachandra Gupta secured 14 votes as against 12 secured by Mr A. K. Jayamuthuraju. The election of Mr P. V. Ramachandra Gupta as the Vice President was approved in G. O. No. L. 6165 dated 4th January 1946 and Mr Ramachandra Gupta took charge of the office of the Vice President on 4th January 1946.

On 26th April 1946 Mr H. C. Suryanarayana Rao tendered resignation to the office of the President and Mr P. V. Ramachandra Gupta was removed from the Office of the Vice President at a Special Meeting of the Municipal Council held on 20th May 1946. The election for the office of the President was held on 20th May 1946 and Mr P. V. Sivashankar B.A. LL.B. was the only candidate contesting the election. As such he was declared duly elected as President. This was approved in G. O. No. Camp L. 35 dated 6th June 1946 and Mr Sivashankar who took charge of the office of the President on 7th June 1946 continued as such throughout the year.

Election for the office of the Vice President was held on 27th June 1946 and Mr A. K. Jayamuthuraju the only candidate was duly elected. This was approved in G. O. No. L. 692—MI 10 46 2 dated 13th July 1946. Mr A. K. Jayamuthuraju took charge of the office of the Vice President on 17th July 1946.

(g) Reading Room Committee	4
(h) Market Committee	5

Statement B furnishes the particulars regarding the number of meetings held by the several Committees and the attendance of members during the year under report.

6 Demand Collection and Balance—The total demand under all heads of revenue was Rs 24 22 926 including the arrears of Rs 5 32 950 outstanding at the beginning of the year. Out of this a sum of Rs 17 85 582 was collected leaving a balance of Rs 6 37 344 at the end of the year. The following particulars indicate the comparative details of income under the chief sources of revenue during the year.

(a) **Octroi**—The total realisation under this head amounted to Rs 8 06 006 during the year under report as against Rs 7 86 297 during the previous year. The increase is due to the rise in the value of certain dutiable articles on account of war.

(b) **Tolls**—The collection of toll was carried out departmentally as in the previous year. The income under this head during the year amounted to Rs 77 446 (as against Rs 60 011 during the previous year) including the compensation towards loss of toll revenue paid by Government for the three half years ending with December 1945.

The total expenditure in respect of the Octroi Section during the year under report was Rs 64 007 as against Rs 42 037 in the previous year. The increase was mainly due to the arrear claims of refunds amounting to Rs 21 484 which were paid during the year as against Rs 3 358 paid during the previous year.

Twenty four prosecutions were launched under the Mysore City Municipalities Act of 1933 and Octroi Bye laws during the year under report as against 10 in the previous year. Forty eight cases were compounded by the Municipal Commissioner and a total sum of Rs 3 330 was realised as penalty. A sum of Rs 209 was paid as rewards to the officials and others who detected the smuggling cases during the year. The total number of octroi licenses issued during the year was 1 460 of which 1 367 were retail licenses and 93 wholesale licenses as against 1 215 and 78 respectively during the previous year.

(c) **Assessed Taxes**—The following figures furnish the Demand Collection and Balance under assessed taxes during the year under report as compared with those of the previous year.

		1944 45	1945 46
		Rs	Rs
Demand	{ Arrears	4 35 721	3 63 411
	{ Current	5,84 315	5 88 595
	{ Total	10 20 036	9 52 006
Collection	{ Arrears	2 43 829	1 55 223
	{ Current	4 12 796	3 68 931
	{ Total	6 56 625	5 24 154
Balance	{ Arrears	1 91 892	2 08 188
	{ Current	1 71 519	2 19 664
	{ Total	3,63 411	4,27,852

Out of the total demand of Rs 9 52 006 a sum of Rs 5 24 154 was collected leaving a balance of Rs 4 27 852 at the end of the year. Out of this outstanding balance a sum of Rs 45 592 represents the arrears due from Government departments towards taxes on buildings and towards the sanitary and lighting tax from the Railway Department as noted below —

	Rs
1. Taxes on Government Buildings	34 546
2. Taxes on Railway Buildings	11 036
Total	<u>45 582</u>

The concerned departments have been contesting to pay these arrears. The matter has been referred to Government and their orders are awaited.

The percentage of collection during the year under report was 55.0 as against 60.0 in the previous year. The percentage of collection during the past five years is noted below—

Year	Rs
1940-41	54.1
1941-42	54.4
1942-43	55.2
1943-44	56.1
1944-45	60.0

The collection of taxes during the year is not satisfactory. This is due to the fact that for want of suitable candidates the full complement of the collection staff was not available for work during the year. The candidates who were temporarily appointed in the existing vacancies left service frequently and those who worked for some time at least were not able to show good progress in the collection work being recruits. The Revenue Officer has been directed to put forth best efforts in this direction and show tangible progress during the current year.

The general revision of assessment on buildings and vacant sites was completed during the year resulting in an increase of Rs 4 22 600 in the demand for the whole City. The revised rate of assessment will be given effect to from 1st July 1946.

(d) Water rate on Government Buildings —

A sum of Rs 15 751 due on this account for the year under report was recovered from the concerned departments against Rs 15 750 recovered during the previous year.

(e) Taxes on Vehicles and Animals — A sum of Rs 31 536 was paid by Government as compensation towards loss of revenue on Motor Vehicles for three half years ending with December 1945. A sum of Rs 9 370 was collected towards taxes on vehicles and animals owned by the rate payers for their own use as against Rs 6 828 collected during the previous year. The total amount realised under this head during the year was Rs 40 906.

(f) *Profession Tax* — A sum of Rs 43 584 was outstanding at the beginning of the year under report. The demand of the year was Rs 30 197 making a total demand of Rs 73 781. Out of this a sum of Rs 16 800 was collected as against a sum of Rs 24 702 in the previous year leaving a balance of Rs 56 980.

7 *Miscellaneous Taxes* —

These consist of the realisations under the Special Acts revenue from Markets and Slaughter house and the realisations from the sale of sites and from rents on Municipal lands and buildings and on the tenements in Sri rampuram Labour Colony and other miscellaneous items of revenue which include the revenue from sewage farm sale of manure pasture lands cart and cycle stand notice and warrant fees Swimming Pool Collection Hawkers License fees etc.

I *Realisations under Special Acts* —

(a) *Pounds* — A sum of Rs 3 199 was realised under this head as against Rs 1 798 in the previous year.

(b) *Public Conveyance* — A sum of Rs 58 284 was realised under this head as against Rs 55 968 in the previous year.

The number of prosecutions instituted under Public Conveyance Act during the year was 176 as against 520 in the previous year.

The number of Public Conveyance licenses issued during the year under report was 4 204 as against 4 063 in the previous year.

	1944-45	1945-46
1 Victoria	3	2
2 Double Bullock Carts	968	993
3 Single Bullock Carts	514	539
4 Jutkas including Governances carts and Shapasands	862	929
5 Hand Carts	267	289

II *Revenue derived from Municipal Property apart from Taxation* —

Out of this a sum of Rs 1 26 087 was collected during the year leaving a balance of Rs 3 588 at the end of the year. Major portion of this amount is in deposit which is to be adjusted.

(b) *Rent on Buildings and Lands* — The demand under this head was Rs 48 937 including arrears. Out of this demand a sum of Rs 19 161 was collected leaving a balance of Rs 29 771 as against Rs 19 410 in the previous year.

(c) *Poor House in Basavangudi* — There were no arrears to be recovered in Basavangudi during the year under report.

(d) *Rents on Sree Rampur Labour Colony*—There are 250 houses in the Colony. A sum of Rs 13 532 was outstanding at the beginning of the year and the demand for the year was Rs 6 170 thus making a total demand of Rs 19 702. Out of this a sum of Rs 6 318 was collected leaving a balance of Rs 13 384. The balance outstanding includes a sum of Rs 9 621 which is irrecoverable and the question of its being written off the accounts has been approved by the Council.

III *Market and Slaughter House*—

(a) *Central Vegetable Market*—The collection of gate fees in the Central Vegetable Market was done departmentally as in the previous year. The amount of gate fee and temporary ground rents collected during the year under report was Rs 43 209 as against Rs 36 374. The total demand of shop rents and lighting charges inclusive of arrears for the year was Rs 95 974 as against Rs 93 304 during the previous year. Out of this a sum of Rs 87 575 was collected as against Rs 88 303 in the previous year leaving a balance of Rs 8 698 as against Rs 11 916 in the previous year.

(b) The collection of Slaughter House Gate fee was leased out for Rs 17 301 as against Rs 17 000 in the previous year. The demand under other markets including Mutton Market for the year under report was Rs 18 052 including arrears of previous year as against Rs 15 211 in the previous year. Out of this a sum of Rs 5 151 was collected during the year as against Rs 6 382 during the previous year leaving a balance of Rs 12 901.

IV *Other Miscellaneous Items*—

The total demand under this head including the arrears of previous years was Rs 62 596 out of which a sum of Rs 18 947 was collected leaving a balance of Rs 43 649 at the end of the year.

V *Education Cess*—

The demand under this head including arrears was Rs 55 997, out of which a sum of Rs 28 864 was collected leaving a balance of Rs 27 133 at the end of the year.

8 *Incidence of Taxation*

The incidence taxation per head of population was Rs 5 15 8 during the year under report.

During the year 1 391 prosecutions involving 1 486 persons were instituted under various sections of the City Municipal Act as against 1 610 involving 649 persons in the previous year. Fines imposed this year were Rs 3 503 40 as against Rs 3 590 00 last year. Intensive action was taken under Food Adulteration Act 404 food samples were collected this year as against 167 in the year previous year. One hundred and sixty prosecutions were instituted this year as against 40 in the previous year.

(c) The scheme for the introduction of flushout latrines in private houses on a large scale wherever the underground drainage has been laid was continued and as a result 1 777 improved type of closets came into existence during the year making a total of about 10 950 flushouts up to date.

(d) The pipe line staff attended to the systematic cleanings of the underground drainage lines. The underground sewers are being laid in many parts of the City. The sewers frequently get choked up due to misuse by the public and also due to sand being washed down into the sewers through the gully traps. The sewers and manhole require constant attention and have to be frequently cleared of the sand. Additional establishment is required for the purposes.

22 *Drain Clearing Gang*—Storm water drains run through the City. The drains are covered by slabs to a great extent. It is seen that very many drains are choked up and require to be de silted. Six sweepers with five carts are sanctioned for removing the silt.

23 *Rapid removal of night soil*—The old method of hand removal of night soil still prevails in the City. A scheme for rapid removal of night soil was introduced on a small scale during the year 1940 41 and continued during the year under report. Nine hundred and fifty tons of compost were prepared and 669½ tons of compost were sold to the public for Rs 1 004 40 of which a total of Rs 655 40 was collected during the year.

24 *Hotels and Coffee Clubs etc*—Seven hundred and thirty four applications were received for the grant of licenses etc. of which 717 licenses were granted and the rest were under correspondence at the end of the year as detailed below —

28 *Anti Rabic Measure* —The number of dogs destroyed during the year was 3 099 as against 2 910 in the previous year

Dog license fee was collected by the Revenue Authorities. There is a dog pound attached to the Disinfection Station with a dozen compartments for impounding dogs. Dogs caught were impounded for three days during which time if the owner produced the license they were released and the rest were destroyed. While in pound, they were fed at the cost of the Municipality the expenditure amounting to Rs 51 50 as against Rs 60 86 in the previous year. A large number of dogs were supplied to the Serum Institute for experimental purposes.

29 *Maternity and Child Welfare Work* —

The usual activities of the Maternity and Child Welfare work continued to be maintained during the year. The three Lady Health Visitors carried out this work in their respective ranges under the supervision of the Health Officer. The Government in their Order No. L 1533—Ml 10454 dated 9th July 1945 sanctioned an additional midwife, one ayah and a peon to each of the Maternity Homes at a cost of Rs 1 764 per annum. The additional staff has been entertained and shift work has been arranged. The work of the Lady Health Visitors consisted in paying domiciliary visits every day in their areas to advise the expectant mothers. In the afternoons they conducted maternal and child welfare clinics. The lady health visitors supervised the work of the midwives and also assisted in the registration of births and deaths and furnished a list of unprotected children whenever noticed. During the year under report 572 clinics were held and 2 858 ante natal, 2 169 post natal cases, 2 715 children and 349 women for other ailments were examined and advised suitably.

30 *Anti Malaria and Culex Section*—The personnel of the unit remained the same as in the previous year viz one Assistant Health Officer four Assistant Sanitary Inspectors eight Head Fieldmen and forty two Fieldmen. The mosquito control operation was continued as in the previous year using a mixture of Diesel Oil and Soap solution Malariaol B as a larvicide. Seven thousand and three hundred gallons of Diesel oil 1 160 gallons of soap solution and 4 826 gallons of Malariaol B have been used during the year.

During the year under report 7 478 wells and 1 124 cisterns in the houses were examined and breeding was noticed in 24 wells and 23 cisterns which were restocked with larvicidal fish. As a routine 3 726 wells and 252 cisterns were restocked with larvicidal fish.

During the year, 2 989 culex and 83 anopheline mosquitoes were collected during weekly catches in all the 60 catching stations as against 3 491 culex and 330 anopheline collected during last year.

In addition to the weekly oiling operation the Malaria staff attended to the cleaning and cutting the margin drains clearing vegetation in the drains and tanks and filling up small pits to aid satisfactory oiling.

Malaria in Kempapur Agrahara—Malaria in Kempapur area is very much lower as compared to 1,943 and 1,944. Houses which had been vacated on

account of malaria are being re occupied now. There are a few chronic malaria cases. Quinine is being distributed. A total quantity of 8 681 grains of quinine has been distributed in the locality. Most of the drains in Agrahar valley are dry. Hosahally tank has been breached in the wastewear at a cost of Rs 2 800 as an anti malaral measure and the tank is dry. The excavation of a central channel and lateral sub soil drains costing about Rs 17 000 is now under correspondence between the Municipality and the Trust Board.

Anti Malaria Engineering Works—An estimate costing about Rs 32 000 is under consideration of the Trust Board to construct sub soil jelly to drain all sewage below Sankey tank and to canalise the valley line down below Breaching of Siddapur (Arekempahally) tank Sarakki quarry pool Yedur and Chikkere tanks are under correspondence.

An underground sewage line was laid behind West End Hotel and the adjoining Bungalows. A big cement sink measuring 15 x 8 x 6' which had been constructed for the collection of sewage from the hotel was got filled up with debris to prevent mosquito breeding.

A big pit in the maidan opposite and to the right of the Town Hall was got filled up with debris by Municipal agency. The extensive pool of water to the north of Pension Line which was a veritable breeding place of mosquitoes was filled up.

Spleen Survey—The annual spleen survey was conducted in July and August 1945. One Health Probationer had been drafted from the Bureau of Malariology for the survey. Twenty five schools in different parts of the City were visited. A total of 2 871 children were examined. Excluding 14 imported cases 62 children were found to have an enlarged spleen of various sizes giving a spleen rate of 2.16 as against 0.38 during last year. Four schools from the bordering areas were included for spleen survey this year where malaria was prevalent since the last two years and hence the rise in the spleen rate.

31 Milk Centres—Two milk centres one in Purniah Choultry II Division and another in Belimutt Road III Division which were opened in June 1945 continued to work satisfactorily during the year. Only poor and deserving expectant mothers and children under two years of age are enlisted. One hundred children and 4 expectant mothers were served with quarter seer milk every day on an average in each of the two centres. A total quantity of 18 000 seers of milk have thus been distributed to deserving children during the period. The third milk centre in IV Division will be opened immediately a suitable place is secured.

32 Weekly Intensive Cleaning Campaign—The scheme of weekly intensive cleaning was continued during the year and was undertaken 8 times in III VII VIII and IX Divisions 5 times in I and VI Divisions 4 times in II Division and 3 times in IV and V Divisions. The following were the items of work that were undertaken during each weekly campaign.

1 Intensive cleaning of the main roads cross roads and conservancy roads.

2 Removing of silt from all the surface drains.

- 3 Scraping of grass by the side of the drains
- 4 Removal of old heaps of silt
- 5 Removal of silt from the box drains
- 6 Cleaning and disinfecting the public urinals and drains with phenyle
- 7 Removal of silt from manholes and pipe lines and cleaning up of underground sewers

8 Two phenyle carts were sent round to disinfect places which are usually resorted to by the public for committing nuisance

9 Oiling all stagnant pools of water and letting fish into wells to control mosquito breeding

10 Removal of silt and rubbish from the area by a number of silt carts and a lorry drafted to the area

One hundred and seven cart loads of rubbish were removed from sweepings. A total length of 8,340 feet of box drains, 757 manholes and a total of 14,540 yards length of pipe line was got cleaned and 308 cart loads of silt were removed. Stagnant waters were all oiled.

33 *Special Activities —*

Visitors — (i) In September 1945 a Health Exhibition had been arranged in Binnypet with sections on Malaria, Nutrition, Maternity and Child Welfare and General Health in connection with the Health Week and Baby Show arranged by the Binny Mill authorities.

(ii) A Health Exhibition had been arranged in the City Market in connection with the Annual Market Show which was held on 22nd and 23rd December 1945. Sections on Malaria, food, general health and on Maternity and Child Welfare had been arranged.

Joint inspections with the Amildar with the Assistant Engineer Bangalore Division were done by the Health Officer. The area round about sewage farm below Kempambudhi tank, Chikkere tank and the breaching of Hosakere tank were inspected. To prevent further breeding places of mosquitoes a reference was made to the Deputy Commissioner Bangalore District to pass orders prohibiting licensed or unlicensed quarrying brick kilns within a radius of a mile from the City.

The Superintendent Bureau of Malariaology inspected the area round about the Mental Hospital and the Tuberculosis Sanatorium under construction to prevent mosquito breeding.

In February 1946 the Superintendent brought the final year L M P Class students to the Sankey Seepage area and explained to them the proposed sub soil jelly drains to be excavated to draw all seepage and dry the area as an anti malaria measure.

The City Health Officer made a detailed inspection of all the breeding places below Sampangi Tank main drain and the Government Horticultural Farm in February 1946. Cross breeding was noticed only in the farm.

34 *Sewage Farm*—The departmental management of the Sewage Farm below Kempambhudu tank at a cost of Rs 8 000 per annum has been proposed Provisionally one Maistry and five men have been entertained to prevent pilfering and book the offenders The Farm was hitherto being leased out and the annual lease amount for the past 3 years being Rs 2 160 This year it was managed by the Municipality A sum of Rs 7 500 has been realised as against an expenditure of Rs 1 500

ORDER NO

h 2911-16/ml 63-47-2
21st Aug 1947

Dated, Bangalore, the July 1947

- 1) Recorded
- 2) Area and population

The area and population of the city were
14.8 square miles and 2,47,902 respectively ~~as~~
~~the previous year~~

- 3) Constitution

The strength of the Municipal Council was
30, consisting of 24 elected and 6 nominated
Members M/s H C Surya Narayana Rao and P V
Ramachandra Gupta continued to be the president
and vice-president of the Municipal Council till
26-4-1946 and 20-5-1946 respectively Thereafter
M/s P Sivashankar, B A, L L B and A K Jayamut
raju who were declared elected as President and
Vice-president respectively, entered upon their
duties on 7-6-1946 and 17-7-1946 respectively
and continued as such till the end of the year
Bye-elections to fill up certain vacancies in the

in the Municipal Council were held on 10-3-46

4) Municipal Officers

Mr K Subba Rao, B A , continued to work as Municipal Commissioner till 1-10-45 Mr R Madhavan Municipal Engineer was in charge of the duties of the Municipal Commissioner from 1-10-1945 to 6-10-45 when he was relieved by Mr Safi Darashah, B A , who took charge of the Office of the Municipal Commissioner on 7-10-45 and continued as such till the end of the year under report Mr R Madhavan B E , continued to be the Municipal Engineer throughout the year Mr A Mariappa B A continued to be the Personal Assistant to the Municipal Commissioner till 3-4-46, when he was transferred to the Revenue Department Mr N Choodappa B A , the Special Revenue Officer continued to be in additional charge of the duties of the Personal Assistant till the end of the year under report

Mr N Siddalingappa M A , LL B , was appointed as the Special Revenue Officer for revision of Assessment with effect from 1-7-1945 Mr R Chandoolal continued to be the Revenue Officer throughout the year under Report

M/s S Sesha iri Rao B Sc M B B S D P H and C Annadanappa, B A , LL B , continued to be the Health Officer and Octroi Superintendent, respectively throughout the year

5) Meetings

The Municipal Council held 50 meetings of which 12 were ordinary, 10 adjourned and 28 special meetings

6) Committees

There were 8 committees in the previous year

For audit / The Managing Committee and the City Improvement Committee held 22 and 19 meetings respectively. The Bye-law Committee and Audit Committee did not meet at all during the year. This is not satisfactory. It is necessary to have a system of internal audit and the Audit Committee should meet often and audit the accounts regularly. Similarly the Bye-law Committee should also hold its meetings regularly.

7) Finance -

The year began with an opening balance of Rs 14,04,621. The receipts and expenditure during the year amounted to Rs 26,50,241 and Rs 32,82,020 respectively leaving a closing balance of Rs 7,72,842 at the close of the year. The cash balance is heavy and the Municipal Council should have taken action to prepare programme of improvement works to provide amenities to the citizens.

8) Demand, Collection and Balance

For audit / The total demand under all the heads of Revenue was Rs 24,22,926 including the arrears of Rs 5,32,950 outstanding at the beginning of the year. Out of this, a sum of Rs 17,85,582 was collected, leaving a balance of Rs 6,37,344 at the end of the year. The percentage of collection during the year was 55% as against 60% in the previous year and this is unsatisfactory. The arrears continue to be heavy and systematic action should be pursued under the provisions of the City Municipalities Act, 1933 and the rules framed thereunder to reduce the same.

The general revision of assessment on buildings and vacant sites was completed during the year, resulting in an increase of Rs 4 22,600 in the demand for the whole city. The revised rates of assessment ^{will be} ~~will be~~ given effect to from 1-7-1946

9) Incidence of taxation

The incidence of taxation per head of population was Rs 5-15-8 as against Rs 6-3-9 during the previous year

10) Public Works

The total grant under the head was Rs 21,04,484 and the total expenditure incurred during the year was Rs 4,40 493. The heavy lapse in the sanctioned grant is reported to be due to the fact that tenderers did not come forward for many works, owing to fluctuation of the market and the difficulty in securing labour and materials required for ^{the} construction of buildings. Such heavy lapses in sanctioned grants should be avoided by proper and timely action. The most important works executed during the year were -

a) Cement Concreting Sethu Rao Street	Rs 11 000/-
b) Construction of 7 Shops in the Grain Bazaar	16,700/-
c) Construction of Fish and Poultry Stalls	10 000/-
